

Pleated Rail Chart

Verosol

Features

Verosol's pleated blinds are available in a wide range of colour and fabric densities. The head and base rails can either be colour coordinated with the fabric or clear anodised to compliment contemporary interiors.

Detailed information about pleated blinds can be found online at verosol.com.au or in the Verosol price list.

Specifications

Pleated Blind Rail Chart

Rail colours can be specified when ordering to compliment any pleated blind. If no rail colour is specified, Verosol will supply pleated rails in a co-ordinating colour.

Note:

Motorised commercial pleated blind rails are available in a limited colour range.

Mono control pleated blind head rail is only available in a clear anodised finish. Custom colours can be supplied as an option.

Detailed information about motorised and mono control pleated blinds can be found online at verosol.com.au or in the Verosol price list.

Colour Range

Note: All colours are representative only. Please ask for a sample for accurate colour presentation or order one online at www.verosol.com.au

All presented data calculated in WIS 3.0.1 [Advanced Windows Information System] with spectral data. Specifications and other data are based on information available at the time of preparation of this document and are subject to production tolerances and/or change without prior notice. Flame retardancy information is sourced from AWTA testing results. Please note that test results may vary slightly depending on fabric colour. [Solar Control Glazing EN 13363-2, ISO 15099, Measurements according to EN410], [3mm Single Glass[Pilkington OpCl_3.plg] according to EN410, ISO 9050 and ISO 15099 without ventilation].
