

## PROJECT DATA

Project: 130 Pitt Street, Sydney  
Project Location: 130 Pitt Street, Sydney  
Project Description: Multi floor fitout

Client: Macquarie Bank  
Architect: Who  
Blind Manufacturer: Verosol Australia  
Supplier: The Emporium Australasia

Product Type: Mode chain operated roller blinds using SilverScreen colour Bronze.

## General Information

Complete refurbishment of the Macquarie Bank building included new window coverings.

## Main Selection criteria

The Macquarie bank building has undergone a complete refurbishment requiring blinds through.

## Problem definition

RBlinds were to provide the same appearance

on all windows from outside the building whilst also providing heat and glare control for occupant comfort.

## Solution

Verosol Mode chain operated roller blinds for ease of use by occupants, whilst maintaining a streamlined look for the interior.
