

## **PROJECT DATA**

Project: 226 Adelaide Terrace  
Project Location: 226 Adelaide Terrace  
Project Description: New 6 Storey Building

Client: FSG  
Architect: Buchan Group  
Blind Manufacturer: Verosol Australia Pty Ltd  
Supplier: FWF Commercial

Product Type: Ambience roller blinds in SilverScreen fabric.

## **General Information**

New 6 storey office requires blinds to all perimeter windows for new tenants.

## **Main Selection criteria**

Need to reduce heat and glare loadings but maintain views.

## **Problem definition**

Exposed facades generating high heat loads and high glare levels for occupants.

## **Solution**

Ambience roller blinds in SilverScreen metallised semi transparent fabric.
