Fabric: Semi transparent SilverScreen
Quantity: 470

Arguments in favour of choice made

Verosol metallised fabric was selected to provide occupant comfort by reducing heat and glare while maintaining outside vision.

Main selection criteria

Heat and glare reduction.
Outside vision.

Problem definition

Large office building with several facades receiving direct sunlight.

Requirements of client/architect

Verosol SilverScreen fabric provides optimum glare reduction.
Metallised backing provides savings on air-conditioning running costs.

Solution

General office areas - Ambience chain operated roller blinds, fabric semi-transparent metallised SilverScreen colour black.
Boardrooms - Verosol motorised roller blinds, fabric blackout aspect colour ebony.
