

Transparencies & Opacity Guide

The colour you choose is important when it comes to matching decor and interior styles, but what you really have to take into consideration is the opacity levels of the fabric. What we mean by opacity is how much light can pass through the material. We have created the following guide to assist you with selecting a suitable opacity for your windows.

No Blind

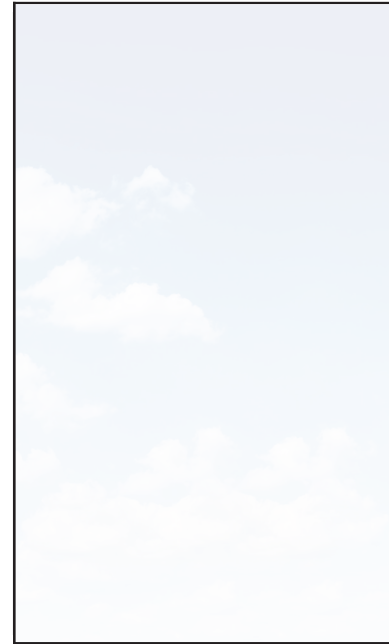

Transparent

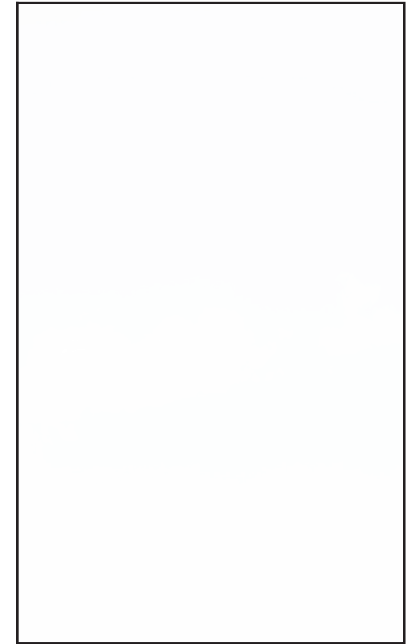

Semi Transparent

Non Transparent

Blockout

Transparent

A clear view through the fabric including the colour, shape and depth of field of objects

Semi Transparent

A good view through the fabric with the colour of objects starting to be lost but objects through the view are still identifiable

Non Transparent

Only light is being diffused through the fabric. Almost all objects are unidentifiable except for perhaps a brief outline

Blockout

No light is penetrating and complete privacy is achieved with no view of the outside environment

Fabric Price Group Reference

Please refer to below for the most up to date Fabric Price Group allocation for all Verosol Australia Fabrics. For more detailed information please visit www.verosol.com.au for Fabric Specification Sheets.

Non Swatched Fabrics

EXTERNAL FABRICS			
Fabric Name	Density	Width (mm)	Price Group
Docril	Trans	2000	1 + 5%
Infinity	Trans	3200	1 + 10%
297 Soltis 86	Trans	2670	1 + 5%
298 Soltis 88	Trans	2670	1 + 5%
284 Soltis 92	Trans	2670	1 + 10%
286 Soltis 96	Trans	2670	1 + 5%
Sunworker	Trans	3000	1 + 5%

How to apply fabric surcharge to External Blinds

Surcharge applies to the base price grid only. It does not apply to Headbox, Side Channels, Powdercoating or Accessory charges.

Example: Motorised External Roller Blind - Standard Wire Guided System

2000mm (w) x 2000mm (d)

Fabric: Docril [Add 5% surcharge]

Base Price: \$1836.00 RRP

5% Surcharge: \$91.80 RRP

Total: \$1927.80 RRP

Should any additional configuration items be required (Headbox, Side Channels, powdercoating or Accessories), then these are added to the total.

Note: Non swatched fabrics may have various rail road + join positions. Please contact Customer Care for more information.
